Complete Crop Nutrition is Key

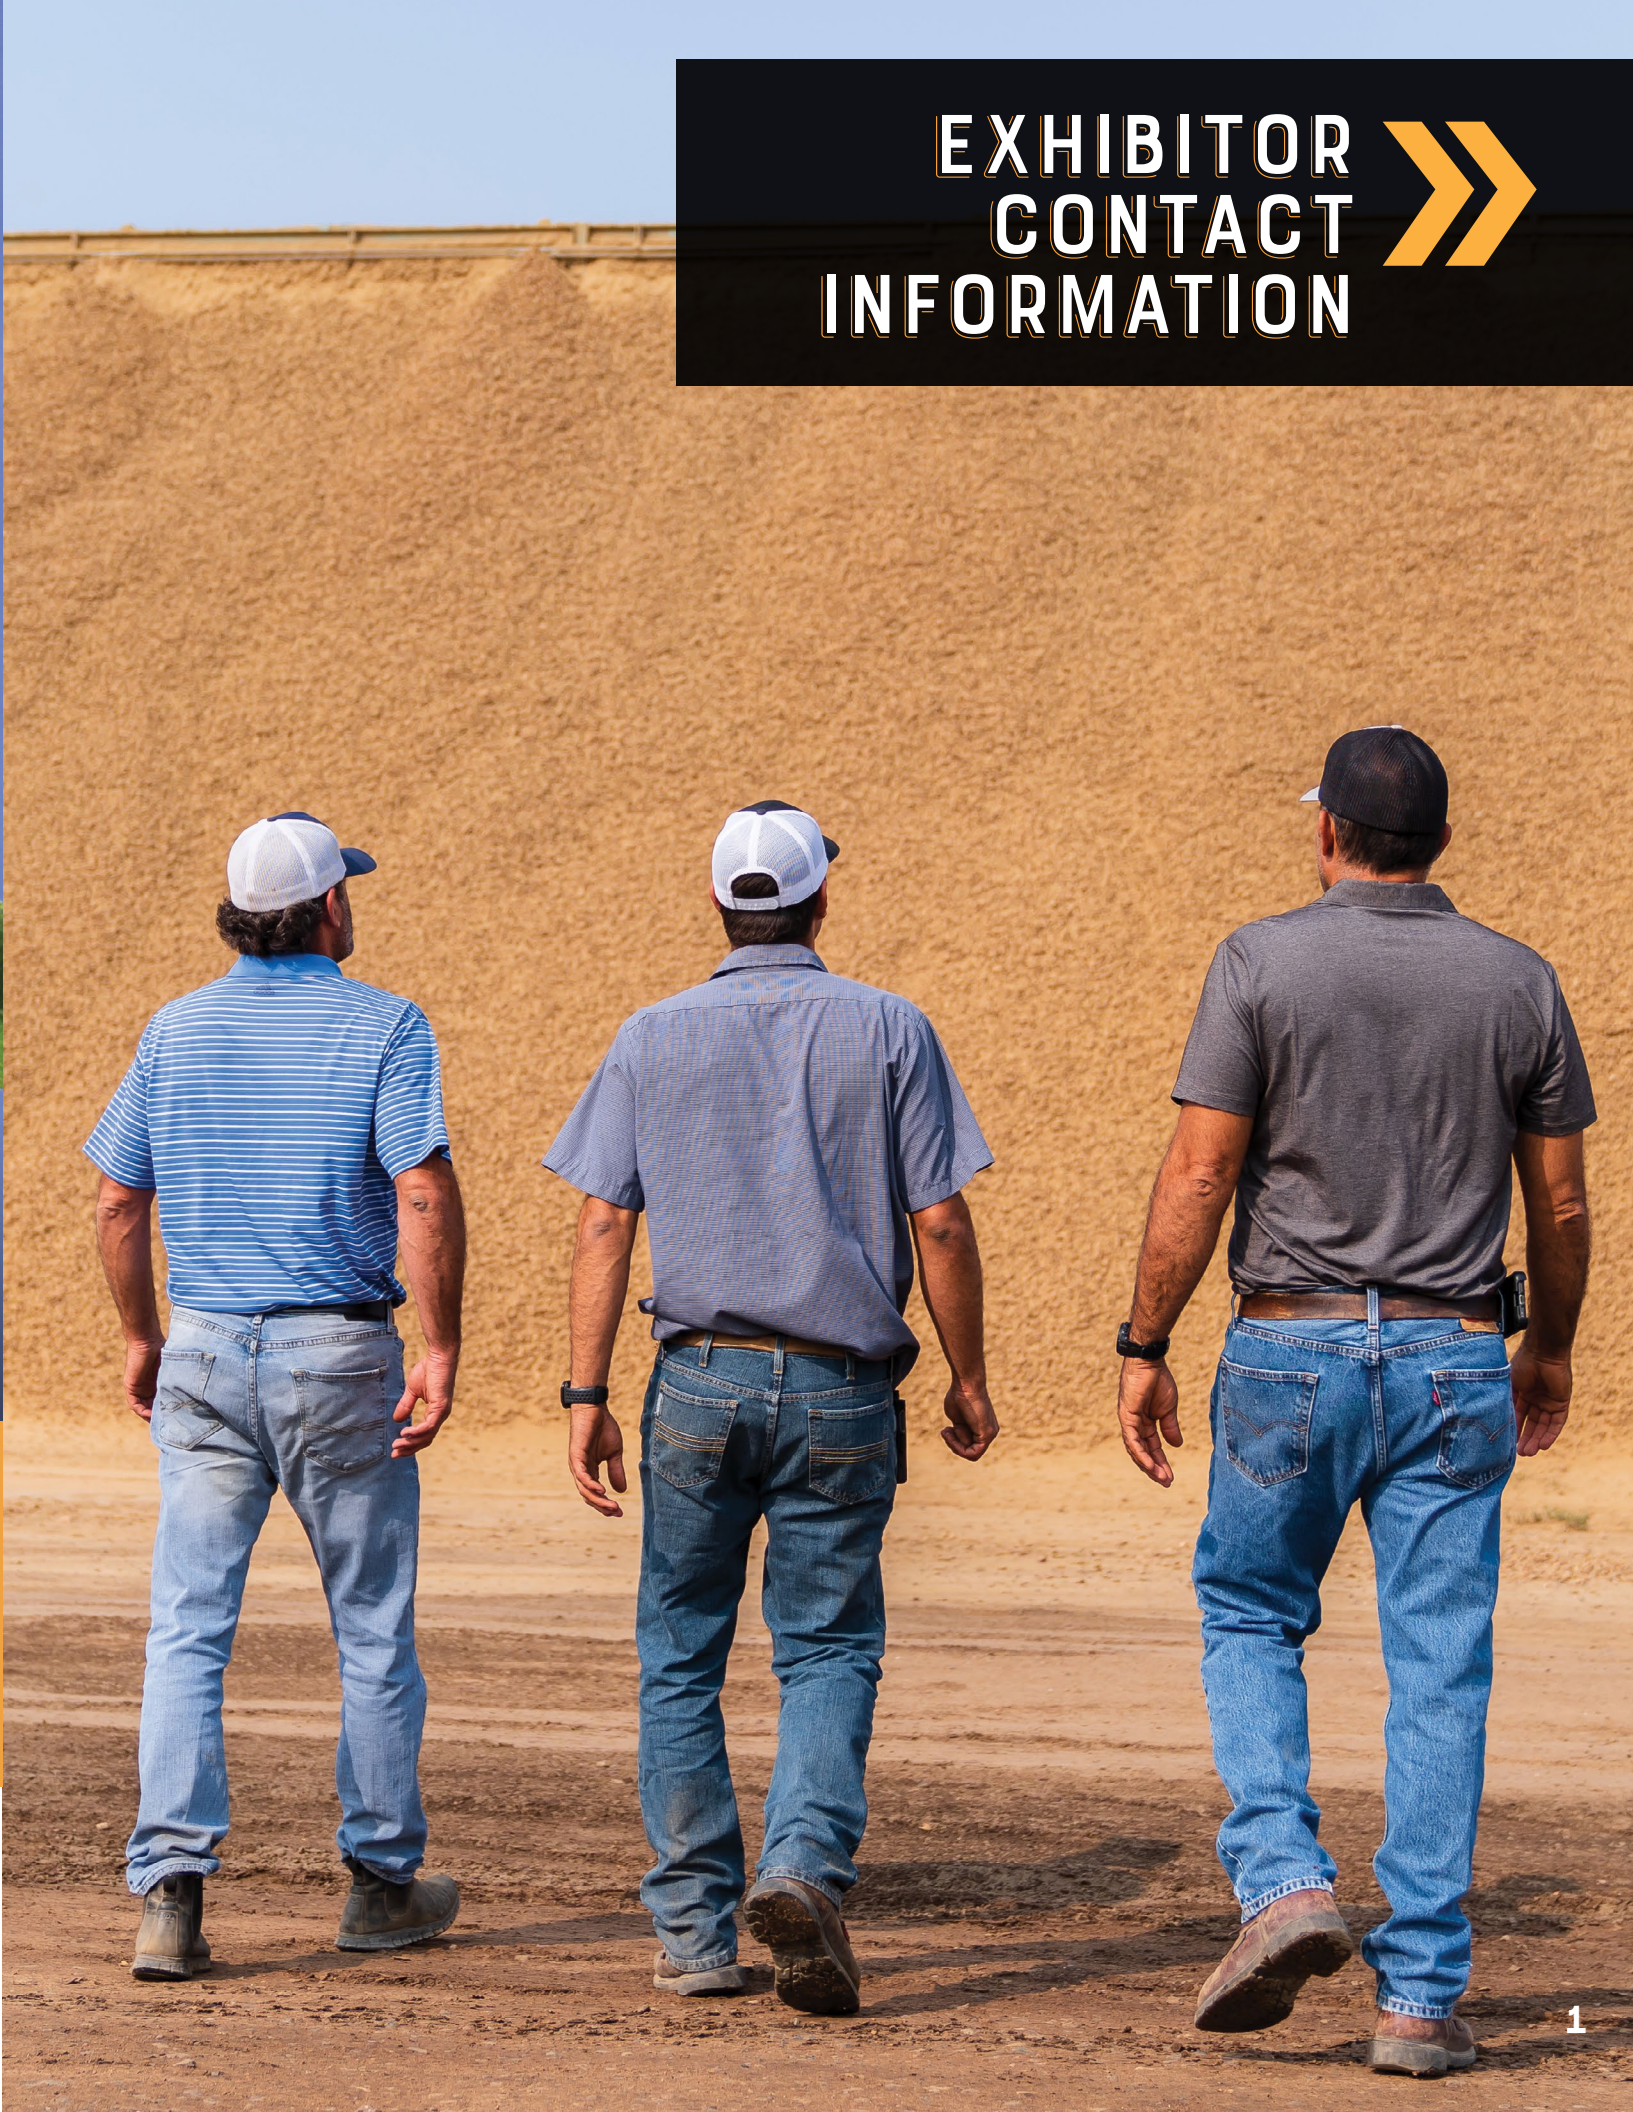

Yara is committed to supporting the almond industry with a comprehensive crop nutrition portfolio to ensure growers produce their best crop in terms of yield and quality. With a complete crop nutrition program, growers can rest assured knowing they're giving their almonds the nutrients needed in the most effective and efficient way, while still preserving environmental resources.

For more information contact
your local Yara Retailer or
Yara North America, Inc.
800-234-9376 ▪ www.yara.us

To learn more about how your orchard could benefit from a complete crop nutrition program, visit our virtual booth at this year's Almond Conference. Our team of almond nutrition specialists look forward to connecting with you there!

Upon registering, exhibitors were allowed to select one category. The classifications above were selected by each company.

Choose your fumigant wisely.

Progress beyond

A man and a woman are walking away from the camera down a dirt path lined with trees. The man is on the left, wearing a black polo shirt, blue jeans, and a white cap. The woman is on the right, wearing a black t-shirt and blue jeans. The path is surrounded by trees with green and yellow leaves, suggesting an autumn setting. The image is framed by a thick orange border on the right and bottom.

COMPANY NOTES

The Almond Conference 2021 will return to the

1900 J Street • Sacramento, CA 95814

Best wishes to the invaluable **sponsors** and **exhibitors** who, with their support, make The Almond Conference a success for the entire community.

Mosaic Events is honored to support the **Almond Board of California**, and the entire almond community, and wish everyone a truly memorable and successful virtual conference experience.

Learn more at www.CropScience.Bayer.us.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS.
Roundup Technology® includes glyphosate-based herbicide technologies. Roundup® technology contains genes that confer tolerance to glyphosate, an active ingredient in Roundup® brand agricultural herbicides. Agricultural herbicides containing glyphosate will kill crops that are not tolerant to glyphosate. Not all products are registered in all states and may be subject to use restrictions. The distribution, sale, or use of an unregistered pesticide is a violation of federal and/or state law and is strictly prohibited. Check with your local dealer or representative for the product registration status in your state. Adament™, Alion®, Bayer, Bayer Cross, Luna®, Movento®, Roundup®, Roundup PowerMAX®, Roundup Technology®, Sivanto®, and Velum® are trademarks of Bayer Group. For additional product information, call toll-free 1-866-99-BAYER (1-866-992-2937) or visit our website at www.CropScience.Bayer.us. NOTES

SORTING SOLUTIONS FOR THE ALMOND INDUSTRY

We provide solutions for sorting almonds at every stage of the process from hulling to final packing. By eliminating critical FM at the start, then focusing on Serious Damage and the most difficult defects like pinhole and embedded shell, we help you create the perfect almond.

Visit our showroom at the Almond Conference.

WWW.TOMRA.COM/FOOD

FOOD@TOMRA.COM

As we look toward the future—whether in the near term with the Almond Orchard 2025 Goals or fifty years down the road—The Almond Conference serves to help our industry protect our communities and the environment by encouraging the growing of almonds in better, safer and healthier ways.
